

## Year 2 IB ESS

[ESS IA proposal form.docx](#)

Over the summer, you are required to brainstorm and develop two potential ideas for your IB ESS Internal Assessment (IA). You will receive an IA Proposal Form at the end of year 1, that must be completed with each idea. Both completed forms are due on the first day back to school.

Your ideas do not have to be finalized, but they should be thoughtful and feasible for personal data collection. This work will set you up for a strong start to your IA process in Year 2.
