

June 2025

Dear Rising Kindergarten Parents,

We are so excited for summer, but we are also looking forward to our new school year to begin! Often times over the summer it is easy to forget some of the things you've learned. At Calverton we like to send home some activities to help keep our bodies and brains ready for the kindergarten adventures ahead!

We have put together a packet of suggested summer work. This work is intended for your child to practice familiar skills, and to also be introduced to some new ideas and skills that they will experience in kindergarten. While the academic skills we have included are valuable, there are also some life skills that will go a long way to ensuring your child is ready for the classroom. In addition to work focused on language arts and math practice, you will find a life skills checklist promoting independence that we encourage you to complete together. Most importantly, enjoy some fun in the sun playing games and making memories!

We are looking forward to working with you all and seeing you on the first day of school!

Sincerely,

The Kindergarten Team

Mrs. Sara Ott, Mrs. Michele Coleman, and Mrs. Zenia Wallish
