

Dear Rising Second Grade Parents,

We are so excited to welcome your child into second grade. Our hope is that you will find this summer work to be a great refresher of skills already covered throughout first grade. You will find three packets to keep your student engaged this summer and help prevent that summer slide.

1. Summer Handwriting Book
2. Summer Reading and Writing Packet
3. Singapore Math Review

These packets should be completed in their entirety and brought to school on either Orientation Day or the first day of school. **This work is going to be your child's first graded work of second grade.**

Please see the attached writing samples to give an expectation of what rising second grader handwriting should look like. During the summer there will be sessions designed to give any assistance with summer work should your child need it.

Enjoy a fun and memory filled summer,

Best wishes.

Kate Tedesco and Amanda Lewis
